ANNA GRIFFIN®

Floral Stencil Kit

INSTRUCTION SHEET

Adhesive stencils make creating customizable patterns a breeze. Stencils can be repositioned and reused.

Care: Clean stencils while wet with mild soap and water.

Tip: Store stencils on wax paper for easy storage.

Basecoat project if desired.

Peel stencil from backer sheet.

Position stencil and press all edges to secure on surface.

Load a small amount of paint to stencil brush or sponge. Offload excess paint onto paper towel or plate.

Tip: Stenciling is best with a drybrush painting technique.

Apply a thin layer of paint using a dabbing or circular motion on open areas of the stencil.

Carefully remove stencil. If creating a repeating pattern, clean back of stencil while wet with soap and water before repositioning.
