FINISHING-

1. Fold the end of the cake up and pin to the sides of the cake. Use the cake end yarn tail to sew the end of the cake to the left side of the cake going down the edge. Run the yarn tail across the back bottom pink row on the inside of the cake. Continue to sew up right side of the cake using the remaining yarn tail. Secure the yarn on a stitch with a knot. Weave the remaining yarn tail inside of the cake.
2. Pin the cake top to the top edge of the cake sides/end, making sure to match up the pointed end of the cake top and the pointed end of the cake sides. Using the yarn tail from cake top, sew the cake top to the sides/back going in each stitch. Leave the end of the cake next to the ruffle open. Add the stuffing. Sew the opening closed. Secure the yarn tail on a close stitch and weave the yarn tail inside the cake. Trim excess.
3. Thread the needle with the black embroidery floss (all 6 strands) and add the mouth between the eyes, 1 row down. Refer to the cover photo as reference for placement. Weave floss in cake, trim excess.
4. Thread the needle with a 12 inch piece of cream yarn. Stitch 6 Straight Stitches on top of the cake for sprinkles. Each sprinkle is about 1/2 inch long. Spread them out randomly. Refer to the cover photo as needed for reference. Weave the yarn tails inside the cake, trim excess.
